Jori Borla is a multi-instrumental musician and a Pizza lover from Salta (north of Argentina), a huge-state with a small number of people. When he was 16 creates the a punk-rock band "Sinvueltas" and, after many years, an ambient/rock duet called "Estrelicia".

Sounds Child was born during a transfer to Buenos Aires, one of the sleepless nights, the smell of the north came into his mind, nostalgia of childhood and fears too. Sounds Child was created to fill the space of the far-away home, to wake up the child and let him kick us right in the botton of our minds, it' s a "retrospective" (read it like a old cosmic wise man would read that word)
