From Northampton (UK), Syrinx is a band that's of Drone and Harsh Ambient sounds. . . sometimes described as Dark Ambient, but includes elements of Post Rock, Folk and Noise. Syrinx was set up five years ago but had a jumpy start due to founding member Ed not being able to find Droneists... Became an acoustic, riff-filled folk music with basic drones when Ant joined in 2008. Ant moved away, Ed found one of his fave artists Ghoul Detail lived a few miles away and made contact. Dave moved from Swansea to Northampton and the line up was complete... Members have other projects so considered a collective of creative minds. All of what is heard is just a natural soundscape unplanned and very minimal after editing.
