Debut in Nostress Netlabel for italian artist Flooba. The new digital album "Uneasy Immersion" is a work of reverie aimed at joining different places and sound moments that take on significance as an experience of the human impact on the world, or as an experience of moments of existential transition: soundwalking in dilapidated abandoned factories (such as the Keyes of Fiumefreddo - CT - IT); field recordings in condominium courtyards in which micro and macro sound landscapes overlap; slow guitar sessions during the agonizing "controra" in a deserted city. Spatial universes in which silences reverberate to be filled with their own subjective internal vibrations, in sometimes restless sound sessions that try to describe the difficult immersion within reality itself. This work has been presented as live for the past editions of A / Grounds, the Bolognese showcase of labels that deal with Ambient music.

Debutto in Nostress Netlabel dell'artista italiano Flooba (Adriano Sorbello) con Uneasy Immersion. Un lavoro di rêverie volto ad unire luoghi e momenti sonori diversi che assumono importanza di significato come esperienza dell'impatto umano sul mondo, o come esperienza dei momenti di transizione esistenziale: soundwalking in fatiscanti fabbriche abbandonate (come la Keyes di Fiumefreddo - CT – IT); registrazioni di campo in cortili condominiali in cui si sovrappongono micro e macro paesaggi sonori; lente sessioni di chitarra durante l'angosciosa controra in una città deserta. Universi spaziali in cui riverberano silenzi da riempire delle proprie soggettive vibrazioni interiori, in sessioni sonore talvolta inquiete che provano a descrivere la difficile immersione all'interno della realtà stessa. Questo lavoro è stato presentato come live per le trascorse edizioni di A/Grounds, lo showcase bolognese di label che si occupano di musica Ambient.
