Cryxuss is "music for space travellers", it's a solo project started in 2011 and the release "Ethereal Creature" is an album composed in a period of changes for artist life: on every track, Cryxuss has tried to express common feelings typical when you're trying to grow up and improve yourself: loneliness, confusion, uncertainty. But, even if we are not sure of what we have to do or what we want to do in life, there will be anyway a part of our soul that dreams and hopes, and that will not be defeated by any period of difficulty. That's Ethereal Creature that lives in everyone.
