Alexei Borisov and Olga Nosova are a Russian duo formed in Moscow in 2009. Their music is a mixture of free improvised and electronic music, electroacoustic, noise, ambient, and field recordings. The duo collaborates with different musicians, sound artists, video-artists, dancers and poets from different countries. Actually they play concerts and take part in different festivals in Russia and abroad. In November 2009, at The Gallery Of Experimental Sound 21, in Petersburg, they performed an abstract and Avant-garde musical live project with the collaboration of Ilia Belorukov on sax and Andrey Popovsky on acoustic guitar. The recording of that performance is edited as the first number of the new releases series "NN Performing". Now that distant evening backs in time to live its life and make us appreciate the cleverness of the four artists who were the absolute protagonists of that event.
